Now a classic in its field, *From Haven to Conquest* is a unique compendium of difficult-to-obtain or out-of-print material on Zionism and the history of Palestine to 1948. Eighty documents and first-hand accounts are supplemented by 30 pages of appendices providing detailed demographic and military statistics.

From Haven to Conquest is an invaluable contribution to understanding the Palestine problem and the Arab-Israeli conflict, and is essential reading and reference for all students of the Middle East.

“An essential reference work for anyone wanting to grasp the complexities of the clash between Zionism and Palestinian nationalism. This impressive book is not just for the shelf, but also to be sampled periodically as a reminder of the depth of the passions.”

—William B. Quandt, *The Brookings Institution*

“This is an indispensable collection of documents for those who wish to understand certain important aspects of the problem of Palestine. Walid Khalidi’s introduction is the best description and explanation known to me of the way in which the indigenous inhabitants of the country were gradually and inexorably dispossessed.”

—Albert Hourani, *St. Antony’s College, Oxford*

“Professor Walid Khalidi has assembled a wide range of readings that constitute the most comprehensive anthology on Zionism and the Palestine problem that collectively inform the Palestine-Arab position.”

—J. C. Hurewitz, *Columbia University*
